Green Acres Baptist Church Sunday Morning Bible Study
Alternate Curriculum Request

All SMBS teachers are expected to teach the Bible in order to equip their class members to be fully devoted followers of Christ. In order to teach foundational discipleship and the complete Word of God, teachers are expected to use the GABC-provided curriculum as a guide in their Biblical study preparations and presentations. Teachers are highly encouraged to customize their lessons in order to meet the needs of their respective classes. The GABC-provided curriculum is primarily designed to be a guide and a resource.
